- Use a dry iron and press from the right side.
- Fold the strip set, wrong sides together.
- Place the Starmarker 5 on the right hand side of the strip set with the bottom along the bottom of the strips.
- Cut along the angle of the Starmarker 5.
- Mark the 2" line on a ruler using Static Sticker.
- Place the marked line along the cut edge of the strip set.
- Put the Starmaker 5 against the ruler, remove it and cut the strip. (The Starmaker 5 will ensure an accurate angle.)
