Constructing the block:

- Make sections A/C
- Draw a diagonal line from corner to corner on the wrong side of piece C. Referring to the diagram above, align piece C to piece A and stitch along the marked line. Trim a 1/4" outside of the stitched line and press open.

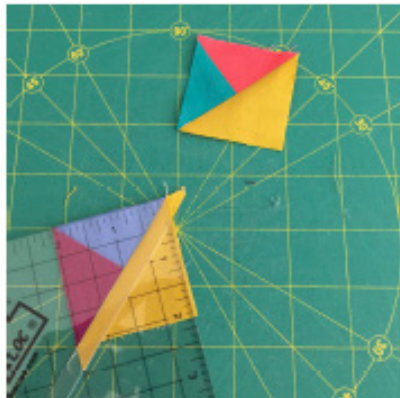

- Make sections C/C
- Draw a diagonal line from corner to corner on the wrong side of piece C. Referring to the diagram above, align one piece C to another piece C and stitch along the marked line to create a half square triangle. Trim a 1/4" outside of the stitched line and press open.
- Make sections D/D/C
- Draw a diagonal line from corner to corner on the wrong side of piece D. Referring to the diagram above, align one piece D to another piece D and stitch along the marked line. Trim a 1/4" outside of the stitched line, ensuring the color placement matches the diagram above to create a half square triangle and press open.
- Draw a diagonal line from corner to corner on the wrong side of piece C. Referring to the image above, align piece C to piece DD and stitch along the marked line ensuring the color placement matches the diagram above. Trim 1/4" outside of the stitched line and press open.
