Retractable Sewing Light and 9 Ultra Bright LEDs

Enjoy a shadow-free workspace with nine LEDs illuminating the bed and needle area. The adjustable, retractable sewing light pulls out to give even more direct light in the needle area.
(Only Available on HMC 9480QCP)

Convenience at Your Fingertips

Convenience features at your fingertips, including Start/Stop button, Reverse, Locking Stitch, Needle Up/Down, Thread Cutter plus Automatic Presser foot lift, all conveniently located on a slim faceplate to enable a wide range of sight while sewing.

Stitches, Feet and Extras

The MC9480QCP has an extensive and generous package of all the necessities. Choose from 400 stitches including 11 buttonholes. Choose from an amazing array of 40+ standard feet and accessories. The Extra-Wide table gives the support for free motion quilting and other large projects.

One Step Needle Plate Conversion

No screws or tools necessary! Simply push the lever to release the plate and snap a new one in place. The MC9480QCP comes with three standard needle plates: Standard Zigzag, Straight Stitch, and the Professional HP 1/4" Needle Plate.

AcuFeed™ Flex

AcuFeed Flex is an integrated system that perfectly guides your fabric from the top and the bottom. Perfect for quilts, plaids, and any sewing that requires precise control.

Remember All Your Favorites

The advanced touchscreen shows all of the information you need to sew with ease. Select new stitches and memorize your favorites for quick access. With Memorized Quilt Seaming, the machine remembers the length of your seam, so you can cruise through stitching the same size blocks.

AcuFeed and Professional Grade HP Accessories

Janome Exclusive AcuFeed Flex Layered Fabric Feeding System perfectly guides your fabric from the top and bottom. Also included are the narrow gauge industrial-inspired HP foot and AcuFeed HP2 foot, which are great for curves and precise top stitching. They provide excellent control and superior visibility while creating a perfect 1/4" seam. *(Professional grade HP needle plate, HP, and HP2 foot are optional accessories for the MC9410 QC)*

AcuSpark2

AcuSpark2 App provides machine learning & support. Simply scan the QR code on the screen of your machine with the app to see information about the stitch, recommended presser feet, adjustment tips, and more.

(Not available for MC9410QC)

Optional A.S.R.

The MC9480 is compatible with the **A.S.R. (Accurate Stitch Regulator)** set, sold separately. Janome Accurate Stitch Regulator System includes four feet: Closed-toe, Open-toe, Clear view, and the exclusive ruler work foot so that all of your free motion needs are covered. With the added benefit of being able to set the sensitivity of the sensor; you can use any texture or color of fabric. *(Not available for MC9410QC)*

Focus on Quilting

Ruler Work is made simple with the **11" bed**, speed control for modified stitch regulation, and a Ruler Work foot included. With the **Auto-Pivot** function, corners and curves are fast and accurate.

Accessories

You'll have the tools you need to tackle any project with the MC9480QCP's included accessories. You'll find essentials like the Zipper and Blind Hem feet, but also great additions – three types of Free Motion Quilting feet, and an advanced Cloth Guide that snaps right into the bed of the machine. There is plenty of on-board storage and an included accessory case so you'll never misplace your feet again!

Superior Needle Threader 2

Threading could not be easier. Set your thread, push the lever, release and sew. The Superior Needle Threader's advanced design, combined with the **#7 Thread Guide**, feeds the thread through the eye of the needle with precise accuracy every time.
